

I am writing to express my thanks and support to all the staff and management at The Cottage Nursery. Both my eldest and middle child have attended the cottage full time since they were 8 months old. They have without a doubt loved their time there and both my husband and myself have been very confident in the in the standard of the care they have received. Our youngest child will start in November this year.

Despite the nursery now being out of the way since moving home we would not consider sending them anywhere else. Both of our daughters have established secure relationships with the staff in the nursery. My eldest regularly asks to go back to visit as she still misses it over a year later.

We have been very impressed with the individual learning support our children have received. Our eldest was allowed to progress at her own pace and known all of her phonics since she was 2 ½ years, allowing her to begin reading before reception.

The level of communication is excellent every day events recorded via Tapestry and reported at pick up, written reports and parents evenings- which is very much appreciated as a working mum. Having few several nurseries before choosing to send our daughter to the Cottage, there was nothing in our minds that compared this remains the case 4 years on.

Many thanks

Mrs Mackle
